at Takinogawa Area  
In April 2023 -  
Oji/Akabane Area

Plastic Recycling by Changing  
Garbage to Recyclables

Any plastic with dirt is not suitable for recycling.  
Therefore, clean remaining dirt by washing off lightly, etc.  
If you cannot get it clean or get rid of the smell,  
throw it away as burnable garbage.  
Put the plastic in a garbage bag to take it out.

The rule for sorting/disposal of garbage will be changed.

Plastic recycling will be started.
